About Temad Co.

Temad Co, (Tolid Mavade Avallieh Daroupakhsh), is one of the largest companies of Tamin Pharmaceutical Investment Holding (TPICO) from SHASTA Group. Temad Co. was established in 1980 as one of the main producers of APIs & Finished Dosage form products for human and veterinary use in Iran. Temad is an innovative manufacturer of Narcotics and Non-Narcotics of world class quality in the Middle East. Temad is one of the pioneer pharmaceutical manufacturing company that uses its own qualified raw materials in Finished dosage form manufacturing lines. At present, the company has 22 production lines and more than 120 kinds of pharmaceutical products which has two production sites in Alborz and Mashhad. Temad started to plan and develop production of Api & Finished products, in order to expand business by considering the export markets. All the products are manufactured under latest pharmacopeia.
